Hacking the IT Cube:

**The Information Technology Department
Survival Guide**

By Douglas Chick

Chapter 1:
Information Technologies 101

A Word About Computer People	4
Preparing for a Career in Computers	5
Obtaining a Job without Experience	8
Overlooking Inexperience	9
Degree versus Computer Certifications	12
How much do Computer People Make	14
Salaried Position	16
Can I quit my job, go to a certification boot camp and make 70K in 3 months	17
Certification Resources	19
Typing Skills	20

Chapter 2:
When Looking for a Job

What to Expect When Looking for a Job	23
Recruiters, Headhunters, Contractors, and Agencies	23
Working for a Start-up	25
Don't Be Fooled By Job Vultures	27
When Have You Sent Enough Resumes	28
Correct Contact Person	29
Discovering Jobs Through Word of Mouth	30
Job Relocation	31
Your Interview Clothes	32
Writing a Resume	33
Sample Cover Letter	35
Writing Your Resume – <i>with work experience</i>	37
Listing Hobbies and Interests on a Resume	39
Sample Resume – <i>with job experience</i>	40
Writing Your Resume – <i>without work experience</i>	42
Posting Your Resume	43
Cramming for an Interview	45
Arriving on Time	45
Shaking Hands Firmly?	46

Listening to the Interviewer	46
Looking the Interviewer in the Eyes	46
Learning from Job Interviews	47
Don't Over Answer Questions	48
Being Positive	
Negative Image	
When to Talk About Money and Benefits	49
Closing the Interview	
After the Interview	50
Writing a Thank You Letter	
Temp Workers	
Worrying about all the Things that can go wrong during an Interview (or <i>Do Overs</i>)	51
The Right Fit	
Settling for a Lesser Position	52
10 Helpful Tips on Lying Your Way Through an Interview	53
Symptoms Related to Lying During a Job Interview	55

Chapter 3:

Positions in an IT Department

IT Position Introduction	57
Helpdesk Phone Support	58
Terms and Comprehension *	61
Helpdesk Technician	64
Helpdesk Queue	
Helpdesk Software	65
Education	
Associated Skills	66
The Blame Game	67
The Magic of Reboot *	68
Network Analyst	72
Duties assigned to a network analyst:	
Education	
Associated Skills	73
Network Administrator	76
Education and Certifications	77
Associated Skills	
What you should already Know	79
My New Network Administrator *	85

Network Engineer	91
Education and Certifications	
Associated Skills	
Network Security Administrator	93
Education and Certifications	
Associated Skills	93
Database Administrators	96
Education and Certifications	
Associated Skills	
Webmaster	98
Education and Certifications	
Associated Skills	
Programmers	99
Education and Certifications	
Associated Skills	100
IT Consultants	
Programmers	
IT Consultants	
Director of Information Technology	101
Education and Certifications	
Associated Skills	
Chief Information Officer	103

Chapter 4:

Hack / Anti Hacking Tools and Methods

Hack / Anti Hacking Tools	105
Hiding in Windows Registry	105
Finding The Hidden Process	107
Fport	
PSTools	108
Tlist	109
Tasklist	
Process Killers	112
PsKill.exe	
Kill.exe	
TaskKill.exe	
Network Analyzers	113
Commview	
Ethereal	114

EtterCap	114
Snort	115
WinDump / TCPDump	
Dsniff	
Scanning Tools	116
NMap	
Sam Spade	117
NetScanTools Pro	
SuperScan	
NetCat	118
Wireless Scanners	118
Network Stumbler	
Ethereal	
AirSnort	119
Networking Tools for the Professional	120
Ping	
Trace Route	121
Telnet	
NSLOOKUP	
WhoIS	
Netstat	
Nbtstat	
Vulnerability Assessments / Penetration Testing	122
Nessus	
Microsoft Assessment Tools	
N-Slalker	
GFI LANguard	
Password Recovery	123
Command Line Utilities	124
Windows Command	125
Linux Command	126
What to know about viruses	132
Computer and Network “Security”	135
Firewalls	136
Common Attacks	140
Denial-of-Service	
Buffer Overflows	
Data Diddling	
E-mail Spoofing	
Mail Spamming	
Worms / Virus Attacks	
Logic Bombs	
Password Cracking	142

E=mailSpam2	143
Open Relay Exploit	
How to test for open relay	
Buffer Overflow Spam	145
Advanced Google Searches (Google Hacking)	146

Chapter 5:

Managing Your Network and Server Room

Learning Under Fire or Submersion Learning	153
Know The Server Room	156
The Demarc	
CSU /DSU	
Routers	
Hubs	
Switches	
Patch Panel	
UPS	
Know Your Servers	160
Database Servers	
File and Print Servers	
Time Clock Server	
DHCP Server	162
E-mail Servers	
DNS Server	
Web Servers	
FTP Servers	
What Server Operating Systems Should I Know	165
Rebooting the Server	166
Passwords	167
What To Do When a Server Crashes	168
Differential	
Incremental	
Full backup	

The Recommended Back Up Strategies	171
Tape backups	
Hard drive backups	
Monthly backups	
Other types of tape rotations	
Troubleshooting Tips:	173
Upgrades	175

Chapter 6:

Managing an IT Department

From Tech to Manager	177
Being an IT Manager	178
Manager / Executive	
Pagers / Cell Phones / Laptops	179
Company Politics	180
Purchasing Computer Product	182
Specialist and Generalist	183
A Job 24 / 7	185
Over-Clockers	186
IT Ethics	187
Confidential Disclosure Agreement	189
Writing Network and Internet Policy	192
Software Licenses	193
Proprietary Software	
Suggesting New Technology	195
Being Good at Prioritizing	
The Politics of Getting What You Need	198
The Computer Person Before You	201
Working Without Supervision	202
Working in a Team Environment	
Training Yourself and Your Staff	204
Communication Skills	206

Chapter 7:

Bitter Facts from Experiences

Keeping a Messy Office	208
A Word About Computer Part Magazines	209
User's Computer Desk Clutter	211
Cleaning Keyboard and Fans	
What You Need to Know About Computer End Users *	213
The Differences Between End-users and African Mountain Gorilla *	216
Why do end-users call their computers modems? *	218
End-user Soup *	220
Eating Habits of the Office Worker *	223
Computer Users Mating Habits *	
Repairing Home Computers	224
Working with Outside Consultants	225
Job Stasis	226
Most Common Mistakes made by th3 Computer Department	227
Who has the Power	230
Taking the Emotion out of "IT"	231
Birthday Cake Day	232
The Internet is a Living Body*	233
10 Signs that you might be a Geek *	234
Meetings	235
Performance Anxiety	

Appendix A

Cabling	236
Bulk Cable	
Different Categories of CAT Cable	237
Unshielded Twisted Pair (UTP)	238
Shielded Twisted Pair (STP)	
Screened Twisted Pair	239
Standard Ethernet Patch Cable	
RJ-45 Connector	
Crossover Cable	240
Coaxial Cable	241
Thicknet	242
Thinnet	

Fiber Optic 242

Appendix B

Computer Terms and Definitions 244
